

About Us

The Will Bright Foundation is a 501(c)3 non-profit and was established in 2014 in memory of Will Bright, who died of a heroin overdose at the age of 25.

Taking our pain and turning it into our purpose is allowing the Will Bright Foundation to make a difference in many lives.

will bright foundation

From the CEO

Looking back, I realize how much the Will Bright Foundation has grown. When we started in 2014, we wanted to do something that would honor Will and his life, in some way. Fast forward 9 years later, and I see the path God has taken us on, serving so many that struggle with addiction, just like Will. Of course, all of this has been “God’s” plan, and HE has put the right people, like you, in our path! From the volunteers, donors, our board of directors and all of you that have prayed for us, we say **Thank You** and pray God’s blessings over you and your family. Cannot wait to see where he take us next... *Lisa Bright*

Recovery

Red Letters Black Coffee”, a recovery support group started by WBF, averages 25-30 people every week. This recovery/grief support group helps men and women who are struggling with addiction and grief find freedom.

Workforce

Partnering with local businesses for employment opportunities allowed 100% of our residents to receive full time employment.

Advocacy Wins

As Charter Members of Voices for Non-Opioid Choices in Washington DC we successfully got the NOPAIN Act, offering non-opioid pain management options, passed through Congress in January, 2023. A huge WIN!

Service and Outreach

1,258 hours were given as opportunities to volunteer and serve the community

Transportation

Through grant funding we were able to purchase a new van allowing a more reliable option for our residential transportation needs.
